The 2020

Wide-format Impressions

125
Rankings

The *Wide-format Impressions* 125, in its third year, provides a list of the leading printing companies in the United States and Canada producing wide-format signs and graphics, as ranked by annual sales volume.

The 2020 **Wide-format Impressions**

125

Rankings

The *Wide-format Impressions* 125, in its third year, provides a list of the leading printing companies in the United States and Canada producing wide-format signs and graphics, as ranked by annual sales volume.

For the past 37 years, *Printing Impressions*, *Wide-format Impressions*'s sister publication, produces the industry's most comprehensive listing of the leading printing companies in the United States and Canada. For the third year in a row, we dove into the data and have pulled out companies that indicated they had digital wide-format equipment and/or provided wide-format sign and graphics applications — including POP/POS signage, banners, billboards, vehicle graphics, etc. From that segmented list, we reached out to these companies to obtain specific sales information regarding their wide-format divisions and departments.

Through that outreach, we were able to produce the *Wide-format Impressions* 125 List, detailing the top companies within the United States and Canada, as

ranked by their annual wide-format sales volume.

The listings include company name and the location of the headquarters; most recent fiscal year wide-format sales figures; percentage of total sales dedicated to wide-format; total company sales for most recent fiscal year; primary product specialties; principal officer(s); number of employees; and number of manufacturing plants.

The financial information shown for the *Wide-format Impressions* 125 rankings was provided voluntarily by privately-held and employee-owned firms, and we instructed companies to not provide projected/estimated sales figures if their fiscal year was still in progress. As a result, printers shown on this list were most often reporting 2019 calendar year revenues as their most recent annual sales figures.

Not Listed in Our Rankings?

If your company should have appeared on the *Printing Impressions* 350 or the *Wide-format Impressions* 125, but did not, let us know for next year's list. Write to: *Printing Impressions*, Attn: Editor-in-Chief, 1500 Spring Garden St., Suite 1200, Philadelphia, PA 19130 or email pi350@napco.com, and we'll add your firm to our database to be contacted for inclusion in next year's ranking.

FRANCHISE LEADERS

In the *Wide-format Impressions 125*, we did not include franchise networks in the larger roll-up since they are a little different than a single company with multiple locations. A franchise, by definition, is a business owned by an entrepreneur, offering a product or service that is in turn labeled by a corporation that provides assistance in every aspect of the business, in return for a combination of a flat fee, plus fees based on profits or sales.

Like the main list, the information was pulled from the *Printing Impressions* list and then segmented for wide-format sign and graphics. These franchise listings include company name and the location of the headquarters; most recent fiscal year wide-format sales figures; percentage of total sales dedicated to wide-format; total company sales for most recent fiscal year; primary product specialties; principal officer(s); and franchises.
